Varsity Sailing Coach
Cape Cod Academy
Osterville, MA 02655

Greetings,

I am writing on behalf of Chapoquoit Yacht Club (CYC) in West Falmouth, Massachusetts. CYC is in the process of creating its instructional roster for the summer of 2024. The club is looking for instructors who bring with them a knowledge of recreational sailing and competitive racing. The ideal candidate would also be a vibrant and fun role model for our young sailors who understands the importance of teamwork, sportsmanship, and lifelong learning.

CYC is a small, community-based yacht club located on beautiful Chapoquoit Island in West Falmouth. For the past one hundred years CYC has been producing sailors who possess a love for being out on the water, a passion for sailing, and an appreciation for the beauty of West Falmouth. Sailing instructors at CYC play an important role in helping the yacht club form lifelong sailors.

CYC uses Beetle Cats, Optimists and 420s as part of their instructional program. Class sizes are small, run from 8:30-4:30 daily and include weekly races with the four other Buzzards Bay yacht clubs. This is a fun summer job that allows you to be outside on the water with a great group of kids, all while earning excellent pay!

If this opportunity interests any sailors on your team or in your school community, please have them contact the club.

Best,

Erik Egleston, Commodore
