**Dock Hand**

We are hiring a dock hand for the summer season.

This person will help members set out on charters, catch lines, clean charter boats, look after the coach boats, set up & break down race committee boats, monitor docks for dock & dine, and general cleaning and trash removal from the waterfront. This job is about 40hrs a week and would likely be Wednesday through Sunday, 11am to 7pm. Must be knowledgeable around boats, and be able to operate both sailboats and powerboats.

**R/C Boat Operators**

These two people will drive either the mark or safety boat for race days and regattas. They also provision the R/C boats with food and equipment, and clean and maintain both the boats and the equipment for them.

As of right now, the weekly racing is on Thursdays and Saturdays in the afternoon.

Regatta days are full days. The regatta dates are July: Adult regatta 8-10th, Jr. Regatta 15-17th, RTB 22-23rd, & RTI 24th. And August: 12Metre 12-15th.

The weekly races probably would get you 8-10 hours, plus full days every regatta day. Additional hours could be had helping with boat repairs.

Must have lots of experience operating powerboats in close quarters.
