

Hi Southern Mass Program Directors and Parents:

I'm writing to announce a SM Advanced Racing Team Practice for next Sunday, July 5th, at Hyannis Yacht Club. This should be an excellent training session for both boat setup and advanced technique. This will be a "BYOB" clinic; sailors will use their own boats so we can get them marked correctly for fast settings.

This is open to any 420 Race Team sailors in the area. We are a bit late getting this notice out, so please be sure to talk to your 420 teams on Friday Afternoon or Monday and let them know about this great opportunity.

The fee for this practice day will be \$50.00. It is limited to 16 sailors, and if 11 boats sign up we'll add a second coach. Hyannis Yacht Club has generously provided their facilities, which should provide us with an excellent home base for training.

I will be leading this practice session; please notify your sailors and let me know if you have any interest. We'd really like to see a big group on Sunday.

You'll see a copy of the itinerary for the day below; we'll also be discussing plans for winter trips (Orange Bowl and 420 Midwinter's) at the end of the day on Sunday.

Thanks, and please let me know if you have any questions. Email and phone number are below.

Sincerely,
Justin Assad

Itinerary:

8:00 AM - Report Time, unpack boats, rig, and change.

8:45 AM - Morning Meeting and plan for the day.

9:00 AM -12:00 PM - Morning on the water session.

12:00-12:30 PM - Lunch on the water (please bring your own lunch)

12:30-4:00 PM - Afternoon session

4:30 PM - Afternoon Debriefing

5:00 PM - Pack up and head home.
