### **For your Consideration:**

#### **1) POLL Question.**

Results from last week's poll question: The general consensus is to follow MA/ CDC guidelines and to stay outdoors as much as possible. Here a few comments that were shared:

- We have 12+ kids mixing with 11 and under, so we feel it is safer to require masks while indoors for all youth participants.
- We are not letting any of our sailors into our (modest) Clubhouse. All Sailing School activities are outdoors only. We are podding our three AM programs: Opti, Widgeon, 420s. The Widgeons are further split into boat pods each week.
- Hard to require/mandate above the MA Advisory and enforce. Since much of our activity, even chalk talks, shore school, etc. is done outside or in open air building, it hasn't been a problem. If there is a rainy day and we would need to stay inside with a group of younger children, we would require masks/buffs or consider cancelation that day. We are still utilizing smaller pods/cohorts, hand washing upon arrival, single point of entry, limiting visitors during Sailing School hours, and covid waivers.

This week's poll question.
