The Basic Race Management Course is an introduction for those new to race management. It's also a perfect tune-up for those needing a refresh on best practices. It's the first step on the road to certification, and a requirement for re-certification. The future of race management at the EYC rests with all of us. Good preparation is key.

Instructors are Susie Schneider - US Sailing's Area A Race Administrator, and Jason Maher, who are staying on an extra day after judging the 101st Annual Keelboat Regatta in order to teach this course. They are knowledgeable, engaging, and collegial. We're lucky to have them!

I hope many of you will take advantage of this great opportunity. Fleet Captains and Adult and Junior Sailing Committee Heads, I encourage you to join us. And please send this email along to anyone in your cohort who you think would benefit from this instruction.

There are 15 spots available. The course is open to non-members as well, so please enroll **soon** to ensure your spot.

[You can follow this link to enroll.](#) When you fill out the form you'll have an opportunity to purchase *The Racing Rules of Sailing 2021-2024* (you're going to need it!) as well as other helpful books and accessories.
