

Wild Harbor Sailing is seeking applications for coaches & sailing instructors for our program this coming summer of 2022.

Job Requirements:

- Past experience teaching sailing and working with children
- Availability from late June through August 2022
- Must have or be working towards U.S. Sailing Small Boat Level 1 Certification

Wild Harbor Yacht Club was organized in 1953 and since its beginnings has been dedicated to promoting the sport of sailing on Buzzards Bay.

Our name, Wild Harbor, comes from the fact that the predominant Southwest wind blows up Buzzards Bay straight into our small cove. This gives us some of the most challenging and best sailing conditions to train in around the World. We have hosted both local and international events out of our humble building and harbor. Our sailors have grown into both national champions and life-long sailors.

Our program emulates the U.S. Sailing pillars of promoting Safety, Fun, & Learning. Wild Harbor is a youth sailing program that teaches introductory classes for children aged 7 years old, to active race teams for kids up to 18 years old. Our fleets include RS Quests, Optimists, C420s and Hunters and a range of privately owned traditional boats as well.
